Miron Construction breaks ground on OH SNAP!® Production Facility

NEENAH, Wis. (April 29, 2019) – On Friday, April 26, [Miron Construction Co., Inc.](#) broke ground on a new production facility for [OH SNAP!® Pickling Co.](#) in Appleton, Wis.

The OH SNAP!® Pickling Co. brand of refrigerated single serve brine-less pickled vegetables was launched in 2015. The line capitalizes on consumer demand for tasty, healthy, convenient snacks. Since the brand's inception, it has roughly doubled in sales each year thereby necessitating the construction of a new facility dedicated solely to the production of the OH SNAP!® line. This new 67,000 SF facility will allow GLK Foods to reduce its cost of manufacture by introducing better line flow, increasing storage capacity, and enabling the procurement of more Wisconsin-grown cucumbers.

OH SNAP!®

[OH SNAP!® Pickling Co.](#) is changing the way people think about pickles and veggies. Sure, they're still cute and incredibly delicious. But now, pickles, carrots, green beans, snap peas, and jalapeños are even easier to snack on, with no added brine (no messy juice), and available in convenient, single-serve packaging. OH SNAP!® is a division of GLK Foods, LLC, home to forward-thinking innovation and market-leading product solutions like OH SNAP!® To learn more about GLK Foods, please visit www.glkfoods.com.

Miron Construction Co., Inc. is one of the nation's premier construction firms and is recognized as an industry leader, surpassing \$1 billion in revenue in 2017. Miron is the largest building contractor in the state of Wisconsin and provides innovative pre-construction, construction management, design-build, industrial, and general construction services nationwide. The forward-thinking, fast-growing, more than 100-year-old private company is headquartered in Neenah, Wisconsin, with regional offices in Madison, Wausau, Milwaukee, and Eau Claire, Wisconsin, and Cedar Rapids, Iowa. Ranked by *Engineering News Record (ENR)* as 81st among the "Top 400 Contractors in the United States" (based on 2017 revenue) and 99th among the "Top 100 Green Building Contractors in the United States" (based on 2017 green building revenue), Miron is also the [Official Provider of Construction Services for the Green Bay Packers and Lambeau Field](#).
